Job Application for Software Engineer

Dear SRC:

They say you should hire based on Intelligence, Integrity and Energy. I have a Phd in physics, I have intelligence. I have whistle blow on a past employer, I have integrity. I have energy, you don't have to believe.

I hereby declare my interest in your open position for Software Engineer. I was most recently a Unix Engineer for IPsoft, Where I was described as highly innovative on my 2017 performance review.

I am a Red Hat Certified System Administrator, RHCSA. I am a Cisco Certified Entry Networking Technician, CCENT.

Sincerely,

Jeffrey P. Hafner
