## **Station Rep - New York Locations**

Dear Kalitta Air LLC.:

With a unique combination of education and hands-on experience, I am confident that I will make an immediate and impactful contribution as your Station Rep - New York Locations for Kalitta Air LLC.

I know I have good computer skills, I worked as Unix Engineer. I do not have planning, ramp and warehouse experience, but I am a fast learner. I would be willing to work for free, and then you pay me.

I am available for flexible hours as well. I know my communication is good, just look at how well written this is.

Sincerely:

Jeffrey P. Hafner, PhD
